

LOCK SEAM CLOSING MACHINE

Lock Seam Closing Machine makes the seam within seconds for both outside and inside positions. The working length can be doubled by turning the duct. Suitable for 100 mm to 1000 mm dia. ducts. It saves labor costs and time by fast operation capacity.

Power	0,37 KW
Hydraulic Power	0,75 KW
Voltage	380/400 VAC 50-60 Hz 3 Ph+N+PE
Current	6 A
Operation Length	1500 mm - (60")
Max. Sheet Thickness	1,0 mm - (20 ga)
Shaft Diameter	90 mm - (3,5 ")
Seam Width	10 mm /13 mm - (3/8 " - 13/32 ")
Operation Speed	16 mt/ min - (52 ft / min)
Operation Height	1020 mm - (3,3 ft)
Machine Length	2270 mm - (7,44 ft)
Machine Width	600 mm - (1,96 ft)
Machine Height	1400 mm - (4,59 ft)
Weight	310 Kg
